DOSTIGRES

Building rock solid foundations for lasting success

About Us

Established in Bacoor, Cavite, Dos Tigres Aggregates is driven to be a benchmark in the field of Philippine construction through the highest quality of service and best construction supplies it offers. Dos Tigres team's profound experience in construction and trading has led to catering private and government projects in CALABARZON and Metro Manila. This proves the company's commitment to provide top-notch construction service and expand the local reach from regional to nationwide.

The company's primary materials are aggregates from Mountain Armour Rocks, River Rocks, Boulders, Gravels, and Sands.

DTA takes full responsibility in consolidating these materials and ensuring that clients receive the delivery in the best condition through systematic and timely operation with the partnering operators of mountain quarries, crushing plants, truckers, and barging companies from the cities of Batangas, Mindoro, Bataan and Zambales. "Honesty, Integrity, Efficiency and Dependability" – the core values of Dos Tigres Aggregates as it commits to go above and beyond to satisfy its partners, clients, and end users of supplied materials.

We have the people, we have the products, and we have the technology to ensure you receive the highest quality of construction materials – at the best trade direct price.

We are committed to building "ROCK SOLID", successful relationships with our customers. With the right products, tools and systems, people and knowledge, our job is to make it easier for you to build strong foundations for lasting success.

THE ANTICS
BY MIKE EASLEY

ROAD TO FREEDOM
Companion Journal

A perfect journal for you to write down your thoughts, feelings, and intentions as you go through your healing process.

ABOUT THE ANTICS

To those who give care without regard, and to those who take it without limit.

Carence is a man who is a dedicated giver of care to his wife, Narcy. Narcy is a covert narcissist, which means her narcissistic behaviors rarely manifest in a public setting. They are saved and lavished on the people closest to her, especially her beloved Carence. Their relationship is stable yet dysfunctional, which is not uncommon.

This book tells the story of Carence and Narcy. Their relationship with each other and themselves, notable nuances of their day-to-day interactions and the impact their responses have on their lives (and the lives of others around them). Importantly, it offers some reflection, ideas, insights and resources that may help you if you recognize Carence or Narcy.
